We build what growth needs. | From potential to production.

01 / EXECUTIVE OBJECTIVE

The objective

Define the work required to move [CLIENT] from [CURRENT STATE] toward [DESIRED STATE] through a measurable, approved engagement.

WORKING ASSUMPTION This objective is a working hypothesis. Validate it in discovery before it becomes an approved client commitment.

Context

[ONE OR TWO SENTENCES DESCRIBING THE CURRENT SITUATION, USER NEED, COMMERCIAL CONTEXT, OR AVAILABLE EVIDENCE.]

Recommended direction

[A CONCISE, EVIDENCE-BASED DIRECTION. FRAME IT AS A TESTABLE RECOMMENDATION; DO NOT PROMISE A RESULT.]

Evidence state

WHAT WE KNOW	WHAT REMAINS PENDING
• [CONFIRMED FACT OR APPROVED DECISION] • [AVAILABLE EVIDENCE OR EXISTING ASSET]	• [AUDIENCE, PRIORITY, OR BASELINE TO CONFIRM] • [BUDGET, TIMELINE, OR TECHNICAL CONSTRAINT]

Success criteria

- [MEASURABLE OUTCOME] — baseline [BASELINE], proposed target [TARGET], measurement [METHOD].
- [QUALITY OR EXPERIENCE INDICATOR] — proposed acceptance threshold [THRESHOLD].

Targets remain Pending until baseline data, measurement ownership, and approval are confirmed.

02 / SCOPE & DELIVERABLES

Scope & deliverables

Use this page to convert the objective into explicit outputs, acceptance evidence, and ownership. Keep only approved workstreams in the final proposal.

WORKSTREAM	PROPOSED DELIVERABLE	ACCEPTANCE EVIDENCE	STATUS
Strategy & Business	[STRATEGY OUTPUT]	[APPROVAL OR DECISION RECORD]	Pending
Brand & Media	[BRAND / MEDIA OUTPUT]	[REVIEW CRITERIA OR ASSET LIST]	Pending
Technology & AI	[TECHNOLOGY / AI OUTPUT]	[TEST, DEMO, OR HANDOFF EVIDENCE]	Pending
Growth & Activation	[GROWTH EXPERIMENT OR ACTIVATION]	[MEASURED RESULT OR LEARNING]	Pending

Scope boundaries

- Only deliverables explicitly listed in the approved version are in scope.
- Production deployment, integrations, third-party licenses, media spend, and ongoing support remain Pending unless named above.
- Dates and fees are not committed until the commercial owner and delivery owner approve the same version.

Dependencies & client inputs

- [ACCESS, DATA, ASSETS, OR APPROVALS REQUIRED FROM CLIENT]
- [INTAG OWNER] to confirm the delivery approach and handoff criteria.
- [TECHNICAL OWNER / THIRD PARTY] to approve any production architecture or deployment responsibility.

CHANGE CONTROL If a dependency changes, update scope, timing, and commercials through a documented change decision before work proceeds.

03 / DECISIONS & NEXT STEPS

Decisions & next steps

This final page makes approval state and ownership visible before any external commitment or kickoff.

DECISION	OWNER	TARGET DATE	STATE
Objective & success criteria	[OWNER]	[DATE]	Pending
Scope & acceptance evidence	[OWNER]	[DATE]	Pending
Commercial terms & payment	[COMMERCIAL OWNER]	[DATE]	Pending
Technical delivery ownership	[TECHNICAL OWNER]	[DATE]	Pending

Next-step sequence

1. Confirm the client objective, baseline evidence, and named decision owners.
2. Refine the deliverables, dependencies, acceptance evidence, and exclusions.
3. Complete commercial, legal, and technical review against one version.
4. Approve the proposal, then schedule kickoff and handoff with accountable owners.

Approval gate

NO-GUARANTEE BOUNDARY Approval confirms the stated document version and scope only. It does not guarantee a sales, growth, accuracy, technical, or delivery outcome.
